

EBSG | CZCA Harmonised Methodology

17 April 2024

Outline

1. Background and recent developments
2. Next steps

1. Background and recent developments

- The ACER decision was received on 19 July 2023 and is now available on the ENTSO-E website under Art. 38(3) of EB Regulation.
- In January - March 2024, following the discussion with ACER on 8 February, and All TSOs approval of materials, All TSOs launched the [Public Consultation](#) on 22 March. The Public Consultation is due to end on 23 May.
- A public webinar was organised on 11 April (no recording is available & slides can be found in the consultation page).
- The proposed CZCA Harmonised Methodology amendments have focused on TSOs governance provisions as requested by ACER, as well as on Congestion Income Distribution (CID), Maximum Volume per CNEC, and on a Derogation option for already operational TSOs.
- The development of the CZCAOF software is under way.

2. Next steps

- The Public Consultation on the proposed CZCA Harmonised Methodology amendments runs until 23 May 2024.
- The table below provides high-level summary of the next steps:

Date	Activity/Milestone
22 March to 23 May 2024	Public Consultation
By 31 July 2024	Submission to ACER
By 30 January 2025	ACER's decisions on the amended methodology
By 31 July 2025	Finalisation of CZCAOF software
